

# Knoll Publishes Considerations for a Healthy Workplace

EAST GREENVILLE, Pa. — Knoll, Inc., a constellation of design-driven brands for the workplace and home, has published insights for returning to a healthy workplace, when the time is right.

“Considerations for Returning to a Healthy Workplace,” at [knoll.com](https://knoll.com) offers guidelines to assist organizations adapt to and plan around COVID-19, reflecting the Company’s commitment to helping organizations consider everything they need for their associates to come back to the workplace and feel safe. The materials take a holistic approach, addressing health and well-being from a physical, mental, social and emotional perspective.

“Considerations for Returning to a Healthy Workplace” offers tips as well as thought-starters for furniture configurations to ease bringing employees back to the office and give them confidence in their work environment. Getting back to the workplace requires an intentional strategy to assure employees can feel safe and remain healthy in the office.

The first resource, *Help Your Employees Get Back to Work Safely*, offers three top-level tips, each with easy action items to carry out the best strategy for your organization. Tips include:

- Develop people-focused policies and procedures
- Create spaces that allow people to be “alone together”
- Assure employee safety and well-being

“Considerations” also includes ideas for re-planning the built environment. Knoll understands that every workplace is different with respect to privacy and enclosure needs. To this end, the second resource, *Workstation Enclosure and Space Delineation*, provides a range of considerations across benching, height-adjustable tables with technology spines, independent desks, panels and additional enclosures.

Both *Help Your Employees Get Back to Work Safely* and *Workstation Enclosure and Space Delineation* are also available as PDFs.

Additional [knoll.com](https://knoll.com) resources include product-specific care and cleaning guides, laying out detailed instructions on safe-to-use cleaning products and proper maintenance. For the healthcare community, Knoll has created the “Healthy Spaces Response Program.” This guide helps create inspiring healthcare environments that can contribute to staff performance, productivity and comfort.
