

# Knoll Announces June 2020 Free Virtual Knoll Design Days Lineup

East Greenville, PA — Knoll, Inc., a constellation of design-driven brands for the workplace and home, announced today program details for *Knoll Design Days 2020—Opportunities for Change*. Hosted this year as a free virtual event for industry insiders and design enthusiasts alike, *Knoll Design Days* will take place June 9-10, 2020, bringing the Company’s unparalleled expertise on design and the workplace to audiences in a digital-first format. The program, noon to 6:00 PM ET daily, builds on the success of the Company’s current k.talks series and its Women In Design Dialogues presented at Fulton Market Chicago in 2019.

*Knoll Design Days—Opportunities for Change* explores Knoll’s holistic, research-driven point-of-view with today’s top thinkers in workplace strategy and planning; product design, architecture; interior design; and textiles. The program includes fresh thinking on strategies for planning workstations, private offices and shared spaces as well insights about materials and color.

“Simply put, the very nature of how we work and live is always changing, whether it’s in response to new technologies, evolving work culture or the COVID-19 crisis. A successful workplace addresses change—and Knoll always strives to find the right opportunities for organizations to adapt,” stated Benjamin Pardo, Knoll Executive Vice President, Design.

“We’re here to help organizations adjust to a new normal and give people confidence in their work environments. We look forward to expanding the dialogue around considerations for a healthy work life, through what I think is an incredible representation of what our constellation of brands can accomplish,” added Pardo.
